Public warned about vaccine scam

Trading Standards is warning the public to be on their guard following reports that fraudsters are sending out fake texts offering a COVID-19 vaccine in an attempt to steal bank details.

The text offers a link to what police call an "extremely convincing" fake NHS website.

Once on the website people are asked to input their bank details to register for a vaccine.

The scam message reads; 'we have identified that you are eligible to apply for your vaccine' and then prompts you to click on a link for further information or to 'apply' for the vaccine.

If you receive a text or email that asks you to click on a link or for you to provide information, such as your name, credit card or bank details, **delete it immediately.**
