

Mathematics

Our intent is to develop:

- Positive attitudes towards the subject and awareness of the relevance of mathematics in the real world.
- Competence and confidence in using and applying mathematical knowledge, concepts and skills.
- An ability to solve problems, to reason, to think logically and to work systematically and accurately.
- Initiative and motivation to work both independently and in cooperation with others.
- Confident communication of mathematics where pupils ask and answer questions, openly share work and learn from mistakes.
- An ability to use and apply mathematics across the curriculum and in real life.
- An understanding of mathematics through a process of enquiry and investigation.
