Dear Parents and Carers,

Years Five and Six, "Sustainability Sussed" Workshop, Eden Project

The children enjoyed a fantastic trip to the Eden Project. They explored the lush rainforest biome and the contrasting Mediterranean biome, with both showcasing the beauty and fragility of diverse ecosystems. Beyond the breathtaking scenery, the children learned about sustainable eating - emphasising the importance of local produce, reducing food waste, and making eco-conscious food choices by considering the food-miles of a range of everyday products.

Years Three and Four, Lyme Regis Museum

Class Two had an amazing day at Lyme Regis visiting the museum, learning all about fossils and Mary Anning and fossil hunting on the beach.

Year Six Science

In Science, Year Six pupils have been learning about solids, liquids and gases. They used an idea called "chromatography" to split colours up using water. They started with pens and then they used a paint brush to get the colours off some sweets. Finally, they used the green liquid that they got out of the crushed leaves last week and they tried to split this liquid up into different parts.
